

# Career Connections

**Career Connections** provides valuable opportunities connecting high school students to the world of work through real work experience. Examples of student opportunities include observing technology careers, participating in hands-on allied health training, designing marketing publications for community agencies and providing employment for our students. **Career Connections** partners provide relevant career experiences that assist our students to find their place in the world of employment. For additional information, please refer to the School to Career Connections brochure or call the School to Career Coordinator at 617-984-8883.

## **Career Connections components:**

- ◆ Job shadowing
- ◆ Internships
- ◆ Clinical Placements
- ◆ Cooperative Education
- ◆ Student employment
- ◆ Work-based learning
- ◆ Teacher Externships

Talk to us today! Quincy Public Schools knows that you can make a real difference in the educational lives of Quincy's students.
