ARTICLE IV GRIEVANCE AND ARBITRATION PROCEDURE

A. GENERAL STATEMENT

1. The purpose of the procedure set forth hereinafter is to produce prompt and equitable solutions to those grievances which, from time to time, may arise and affect wages, hours, and conditions of employment covered by this Agreement.

2. The Timelines set forth herein may be extended by the mutual agreement of the parties in writing.

B. DEFINITION OF A GRIEVANCE

A grievance is a violation or misinterpretation or misapplication of any of the express provisions of this Agreement. A grievance may be brought by a member or group of members. Hereafter, all references to person, teacher, or employee shall be considered to mean member or group of members.

C. GRIEVANCE AND ARBITRATION PROCEDURE:

1. LEVEL 1

The aggrieved member shall first discuss the grievance with his/her appropriate immediate supervisor, and the Chairperson of the Professional Rights and Responsibilities Committee, with the objective of resolving the matter informally. The appropriate immediate supervisor of any member regularly assigned to a particular school building shall be the principal of that building; for any member not so assigned, it shall be the director or coordinator who supervises such member.

2. LEVEL 2

- a. Within thirty (30) calendar days of when the member reasonably knew or should have known of an alleged violation of this Agreement, the grievance may be filed in writing with the Superintendent. The Superintendent or his/her designee will represent the Committee at this level of the grievance procedure. If filed with the Superintendent of Schools, said grievance shall be in writing. Each written statement of grievance shall include (1) a concise statement of the facts constituting the grievance, (2) a reference to the applicable provisions of this Contract, (3) the date upon which the act or omission giving rise to the grievance occurred, and (4) the dates of all prior written presentations, if any.
- b. Within ten (10) school days after receipt of the written grievance by the Superintendent, the Superintendent, or his or her designee, will meet with the aggrieved member and the Association's Chairperson of the Professional Rights and Responsibilities (PR&R) Committee, or his or her designee, in an effort to resolve it.
- c. If the written grievance is not filed with the Superintendent within thirty (30) calendar days after the member learned or should have learned of the act or condition on which the grievance is based; then the grievance will be considered as waived. If a grievance occurs during the period commencing on the fifth (5th) school day next prior to closing of schools in June and ending on the day before school opens in September, then the aforementioned time limit shall not apply and said grievance shall not be considered waived so long as the grievance is signed on or before the

close of business on the fifteenth (15th) school day of the term beginning in September.

3. LEVEL 3

If the aggrieved member is not satisfied with the disposition of his/her grievance at Level 2, or if no decision has been rendered within twenty (20) school days after he/she has first met with the Superintendent, then the grievance may be filed in writing with the School Committee. The grievance at Level 3 must be filed within fifteen (15) school days from the date of the Superintendent's response at Level 2 or the date the Level 2 response was due, whichever is sooner, otherwise the grievance shall be waived.

4. LEVEL 4

- a. Within twenty (20) school days after receipt of the written grievance by the School Committee, the School Committee will meet with the aggrieved member and the Association's representative(s) to hear the grievance. If the aggrieved member is not satisfied with the disposition of his/her grievance at Level 3, or if no decision has been rendered within twenty (20) school days after he/she has first met with the School Committee, the Association may submit the grievance to the American Arbitration Association within twenty (20) school days after the School Committee's response was received by the aggrieved party or the Association, or after it was due, whichever comes first. A copy of the arbitration request shall be sent simultaneously to the Superintendent. If the arbitration request is not submitted by the Association within the twenty (20) day period, then the grievance shall be waived. The parties will be bound by the rules and procedures of the American Arbitration Association in the selection of an arbitrator and the arbitrator shall proceed under such rules.
 - b. The arbitrator shall have the authority to settle only a grievance which concerns misinterpretation or misapplication or violation of the express terms of this Agreement. The arbitrator shall have no power to add to, subtract from, or modify this Agreement. The arbitrator shall be without power or authority to make any decisions which require the commission of an act prohibited by law or which is in violation of the terms of this Agreement. The arbitrator's decision will be in writing and will set forth his/her findings of fact, reasoning, and conclusions on issues submitted. The decision of the arbitrator will be submitted to the School Committee and to the Association and will be final and binding.
 - c. The costs for the services of the arbitrators, including per diem expenses, if any, and actual necessary traveling and subsistence expenses will be borne equally by the School Committee and the Association. Each party shall bear its own expenses for the presentation of its case.
- D. All documents, communications and records dealing with the processing of a grievance will be filed apart from the personnel files of the participants, except as may be required to implement the disposition thereof.

- E. No reprisal of any kind shall be taken by any party hereto against any member who participates in any way in any grievance proceeding by reason of such participation.
- F. A written record shall be made of the disposition of any grievance at Level 2, Level 3, or Level 4. If such disposition becomes final by acceptance by the Association, such disposition shall apply to all future grievances based on the same or similar facts.
- G. Arbitration, pursuant to this Article, shall be the exclusive remedy available to members of the Association in the event that the grievance is not disposed of under Levels 1, 2, 3.
- H. Times for meetings to discuss grievances shall be scheduled outside of school hours unless, in the judgment of the Superintendent, in the case of a Level 2 proceeding, or of the Committee, in the case of a Level 4 proceeding, a meeting during school hours is desirable to facilitate the production of appropriate information. Attendance by members and by the Association representatives shall constitute authorized absence without loss of pay. The Association agrees that absences during school hours shall be avoided whenever they would interfere with the conduct of the educational program and that the right to take such absences shall not be abused.

ARTICLE V
DEVELOPMENT AND IMPLEMENTATION OF CURRICULUM AND
RELATED EDUCATIONAL PROGRAMS, TEXT BOOKS

The Committee and the Association agree that the professional staff is and should continue to be a major source of developments and innovations in improving the education programs carried on in the Quincy Public Schools. The parties agree further that it is important for the professional staff to participate in the over-all coordination of studies, projects and other activities directed toward the development, improvement, and implementation of such programs, toward the evaluation of existing programs, toward the devising, testing and introduction of new programs, and toward research in pertinent educational and related areas. The parties recognize that there are other institutional and community resources capable of great contributions toward these ends and that the utilization of such resources should be coordinated with the efforts of the schools' administration and the professional staff.

Accordingly, the Committee and the Association agree that an Educational Development Committee (EDC) shall be established to consist of twelve (12) members, of whom six (6) shall be designated by the Association and six (6) by the Committee. The EDC shall establish its own times of meeting and rules of procedure and shall have the right to meet with the Committee at reasonable times, not more often than once every two months unless by mutual agreement. The EDC may consider proposals from any source respecting curriculum, teaching methods, aids and material, educational facilities, design and equipment of new and remodeled school construction and any other matters pertaining to the improvement of the educational programs carried on or proposed to be carried on in the Quincy Public Schools. Where a proposal is made that a specific subject be studied by a particular person or group of persons, the EDC will receive and review the results of such study and will endeavor to avoid duplication or repetition of effort.

The EDC shall regularly report to the Committee and the Association the matters it is considering and its recommendations respecting the same. The Committee and the Association shall give serious consideration to such recommendations. If the Committee shall receive, other than from the EDC, a proposal for a study or program of development or research in any matter within the jurisdiction of the EDC, the Committee shall notify the EDC of such proposal. If the EDC shall respond within thirty (30) days of the giving of such notice that it has considered, or desires to consider, the subject matter of the proposal, the Committee will not, except in case of emergency, authorize the proposed study or program until either the EDC shall have reported thereon or forty-five (45) days, or such other period as the Committee and EDC shall agree, shall have elapsed from the date such notice was given without any report by the EDC.

The Committee expects that all proposals for discontinuing the use of textbooks and for adoption of new textbooks will issue from the EDC as representing the considered opinion of the professional staff in consultation with the school administration, the Committee recognizing that the professional staff should have a responsible voice in textbook selection, provided, however, that the EDC need not consider any textbook which is not used or proposed to be used by more than one member. Except in emergency situations, the Committee shall not adopt new textbooks nor discontinue the use of textbooks unless the EDC has been notified of said contemplated action; and has had the opportunity to make a recommendation respecting such action.

ARTICLE VI CONDITIONS OF PROFESSIONAL SERVICE

The Committee and the Association have deliberately agreed not to include provisions in this Contract respecting some of the conditions affecting the performance by members of their professional duties. Such omitted matters include, by way of illustration and not of limitation, the teaching loads of individual members and the basis upon which parent-member conferences, professional workshops and curriculum planning sessions may be held in light of regulations promulgated by the State Board of Education regarding the length of the school day. Such matters are omitted not because the parties regard them as unimportant, but because the parties believe that they require further careful joint study since they are affected by the rapid pace of change in educational technology and theory, and in part, are subject to rules and regulations promulgated by agencies of the Commonwealth. In addition to such conditions, the Committee and the Association consider that there are a number of areas affecting the performance by members of their professional duties as to which practices not now in effect in the Quincy School System and practices not yet developed by any public school system may make great contributions toward improving not only the quality but also the efficiency of the educational process in the Quincy Public School System. Such areas include, by way of illustration and not of limitation, the use of non-professionally trained personnel to perform pupil supervision tasks outside the classroom clerical tasks, the reproduction of instructional materials, and the like. They also include the possibility of measuring the obligatory portion of a member's work day in terms of the time required to perform professional functions rather than a stated number of hours, the possibility of a separate contract year and separate compensation arrangements different from the academic year and compensation related thereto for volunteer professionals who might undertake special professional leadership and development assignments, the possibility of so reorganizing the classroom teaching functions so as to permit more effective use of superior

classroom members and the possibility of identifying and describing characteristics of professional performance so as to permit more meaningful evaluation thereof.

Accordingly, the parties agree that a Professional Conditions Committee (PCC) shall be established to consist of twelve (12) members of whom six (6) shall be designated by the Association and six (6) by the Committee and of which there shall be co-chairpersons, one (1) chosen by the Association designees and the other by the Committee designees. The PCC shall establish its own times of meeting and rules and procedure and shall have the right to meet with the Committee at reasonable times, not more often than once every two months unless by mutual agreement. The PCC may establish subcommittees to consider particular matters and particular matters within the jurisdiction of the PCC may be considered by others, but all proposals respecting such matters shall come to the PCC for consideration and presentation to the Committee and the Association. The PCC shall consider as priorities the matters cited above. The Committee and the Association shall give serious consideration to the recommendations of the PCC and shall discuss the same as they mutually find appropriate.

Except in case of emergency or order from superior authority or as permitted by Article VII, the Committee shall not make any change in the length of the school day, method of payment, or matters relating to the conditions of employment coming under this Contract, unless the same shall first have been referred to the PCC with a reasonable time for consideration and report thereon by said Committee of PCC.

ARTICLE VI A GENERAL CONDITIONS

- A. Under ordinary circumstances, members at the Senior high and Middle school level (except school nurses) shall have at least five (5) preparation periods scheduled in each week. Exceptions may be made to this provision when voluntarily agreed to by the individual member, or in situations where the Administration has reasonable cause to believe that such scheduling would result in an undue burden to the system, or to a particular school or would require additional funds.

- B. Members at the Elementary School level (except school nurses) shall be provided some time each week during school hours for preparation and planning. The use of preparation and planning time shall be determined by the individual teacher. Periods of instruction in Physical Education, Music, Media and Art shall be considered as planning periods for elementary members. In the event an elementary specialist in art, music, physical education or media is absent, every reasonable effort shall be made by the administration to hire a substitute teacher. Members at the Elementary level will be allowed the first, third and fifth Tuesday afternoons each month for preparation and planning and will not be required to attend other meetings on those afternoons. Members at the Elementary School level shall have guaranteed minimum preparation time of six hundred ninety (690) minutes on average in a normal 4 week period. Such preparation time shall be inclusive of the first, third, and fifth Tuesday afternoons each month for preparation and planning, the approximately thirty (30) minutes transition time for kindergarten teachers and the aforementioned periods of instruction in special program areas.

In such emergencies, and when possible, available qualified members shall be selected from a rotating list to insure equitable distribution of such assignments.
- D. Senior High or Middle School members assigned to special curriculum projects as designated by the Superintendent shall for the pilot period have teaching periods reduced by one period and be provided with one period each day to be used for preparation, evaluation and/or revision of teaching materials, or for workshop meetings. This special period shall be in addition to any contract provision for the usual preparation or unassigned periods.
- E. Elementary school teachers assigned to special curriculum projects as designated by the Superintendent shall be allowed, for preparation, evaluation and/or revision of teaching materials, or for workshop meetings, the two-hour period set aside each week, provided that the right of the principal to call a monthly meeting will not be abrogated.

Such supplemental planning time shall be scheduled in September for the school year; and such 20-minute supplemental planning period is in addition to any regularly-scheduled preparation and planning period and shall neither establish 20 minutes as a precedent length for the length of a regularly scheduled preparation and planning period, nor substitute for any regularly-scheduled preparation and planning period.

Effective School Year 2016-2017, on any Monday, Wednesday, Thursday, or Friday during which an Elementary teacher has no regularly scheduled preparation and planning time, as described in Section B, that teacher shall receive a minimum of 30 minutes of supplemental planning time to be provided by a substitute teacher. Such supplemental planning time shall be scheduled in September for the school year; and such 30-minute supplemental planning period is included as part of any regularly-scheduled preparation and planning period as described in Section B of this Article and shall neither establish 30 minutes as a precedent length of a regularly scheduled preparation and planning period, nor substitute for any regularly-scheduled preparation and planning period.

Effective September 1, 2016, it is agreed that the Committee will grant middle school members additional preparation time by converting one (1) early release day designated for member professional development into one (1) early release day designated for middle school member's in-building preparation time. It is agreed that the Committee reserves the right to determine which early release day during the school year shall be converted for this purpose.

Effective September 1, 2018, it is agreed that the Committee will grant middle school members additional preparation time by converting one (1) early release day designated for member professional development into one (1) early release day designated for middle school member's in-building preparation time. It is agreed that the Committee reserves the right to determine which early release day during the school year shall be converted for this purpose.

Effective September 1, 2016, it is agreed that the Committee will grant high school members additional preparation time by converting one (1) full-day Tuesday to an early release day Tuesday. This early release day Tuesday shall be for the purpose of in-building preparation time for high school members. It is agreed that the Committee reserves the right to determine which early release day during the school year shall be converted for this purpose.

ARTICLE VII SCHOOL HOURS AND YEAR

- A. The Committee determines, subject to law and to applicable regulation of superior authority, the school attendance required of pupils both as to the number of hours per day and the number of days per year. The Committee also determines, subject to as aforesaid, the opening and closing times of the school year. As soon as reasonably possible and, if practicable, not later than June 15, the Committee shall fix the school calendar for the next following school year and the opening and closing time of each school for required pupil attendance and shall advise the Association and the members of such calendar and times. The calendar shall be posted in each school as shall the opening and closing times for such school. It is understood that the calendar and the opening and closing times may be changed by the Committee after consultation with the Association if necessary to meet unanticipated circumstances or emergencies.
- B. Members who are classroom teachers shall not, however, be scheduled for required attendance in a school for more than the respective number of hours per week which follow, namely:

Elementary School Teachers	26 hours	40 minutes
Middle School Teachers	28 hours	45 minutes

- E. Members at the Middle School level shall be allowed two (2) Tuesday afternoons each month without students to be used for the development of the Middle School concept and interdisciplinary team planning. Such release Tuesdays shall be suspended at the commencement of each school year to insure compliance with the minimum number of hours of school attendance. On or before April 1 of each school year representatives of the parties shall meet to determine the schedule of release Tuesdays for the remainder of the school year. Such days shall be rescheduled to provide for as many release Tuesdays as are possible while still meeting the minimum number of hours of school attendance as required by Massachusetts Board of Education Regulation 603:29.00, Inc.

- G. Members who are elementary school teachers agree to be present for professional development purposes for one (1) hour and thirty (30) minutes on a specified afternoon each week on which classes will not be scheduled. Such purposes may include staff meetings on a building, grade, or subject matter basis, and other purposes, all as accepted and scheduled by the Superintendent, after consultation with the Association, as contributing to educational improvement of the Quincy School System.
- H. The Committee and the Association further agree that to aid in the implementation of innovative programs and to insure a commitment for quality education for all students, eight (8) afternoons per year, from 1:00 P.M. to 3:00 P.M., will be provided for secondary staff to attend workshops approved by the Superintendent, said workshops to be held on the second Tuesday of each month commencing in October 1973; in those instances where a holiday falls on the second Tuesday, the workshop will be held on the third Tuesday of that month. Any other variation of this date must have the approval of the Superintendent of Schools after consultation with the President of the Association.
- I. The Committee and the Association further agree that subject to any further order of any State agency having jurisdiction, the school year of required attendance by members shall, except as otherwise specifically provided below be one hundred eighty-two (182) days, of which one (1) day, the day before the opening of classes, is provided for a general meeting of the professional staff and one hundred eighty (180) days are provided for classes. The one hundred eighty-second (182) day shall be scheduled at the discretion of the Superintendent as either a professional development day midyear or the day immediately following the close of the one hundred eighty (180) day school year. Effective for the 2013-2014 School Year, school nurses may opt to use their 182nd day at

the beginning of the school year when there are no students present in order to prepare for the start of the new school year. Effective for the 2013-2014 School Year, each high school will be granted a maximum of 8 paid hours to be paid to school nurses who are responsible for administering fit for activity exams for student athletics.

ARTICLE IX PROFESSIONAL DEVELOPMENT

The Committee and the Association agree that if members are to maintain their competence as educators and to continue to contribute effectively to the educational goals of the Quincy School System, members should undertake professional development on a continuing basis. This professional development shall be consistent with the requirements of M.G.L. Ch.71, S.38Q. The Committee may establish formal requirements as to courses to be taken, conferences to be attended, or other means of professional improvement to be undertaken by members as a condition of employment or of advancement on the salary schedule, but no such requirements not in effect at the effective date of this Contract shall be adopted or any requirement then in effect be changed by the Committee unless the Association shall have assented to the same. The Committee may also authorize or approve the taking of a course, the attendance at a conference or the undertaking of other means of professional improvement by a member whether or not the same be required. Any such approval or authorization shall be given in advance in writing signed by the Superintendent or Assistant Superintendent.

To the extent that such payments are permitted by law, the Committee shall pay, or reimburse members for, the tuition and fees incurred by members for courses required, authorized or approved as provided above or for expenses of attendance at conferences or of undertaking other means of professional improvement so required, authorized or approved, provided, however that no payment or reimbursement shall be made in respect of any course taken for the purpose of

The sick leave allowable for any year shall be available in full at the commencement of the year provided that if any member shall not be present on the first day of work in September he/she shall not be entitled to any sick leave allowable for such year unless he/she shall report for duty during such year. If he/she shall so report and shall thereafter serve one (1) month, he/she may apply in writing for sick leave allowance on account of the earlier absence, if such absence resulted from illness or accident. Any such application must be accompanied by a doctor's certificate meeting requirements of the next preceding paragraph.

Each member shall, upon his/her request, be advised once each school year of the number of days of unused sick leave which he/she has to his/her credit.

If the employment by the Quincy School System of a member shall cease because of his/her retirement or death after he/she has completed twenty (20) years of professional service in the system, he/she or his/her estate, as the case may be, shall be paid an amount equal to his/her full pay at the time his/her employment terminates, exclusive of stipends for extra services, for the number of days, not in excess of twenty (20) of his/her accumulated and unused sick leave. Effective September 1, 1991, increase twenty (20) days to thirty (30) days of his/her accumulated and unused sick leave. 3. In filling such positions consideration will be given to a member's area of competence, major and/or minor field of study, quality of teaching performance, attendance, record, length of service in Quincy School Systems, and, in case of summer or evening school, teaching experience.

ARTICLE XXII MEMBER EVALUATIONS

The following principles shall be applied in the evaluation of member performance:

1. a. All monitoring or observation of the work performance of a member will be conducted openly and with full knowledge of the member. No public address or audio systems or other device permitting monitoring or observation of work performance other than by an individual present in the room shall be employed except with the prior knowledge and consent of the member.
- b. Member performance shall be evaluated in light of all evidence pertinent to the discharge of the member's professional responsibilities and his/her exercise of professional judgment and not solely by his/her work in the classroom. The development of criteria for such evaluation shall be a task of the Professional Conditions Committee under ARTICLE VI.
- c. A copy of each evaluation report shall be furnished to the member evaluated who shall have the right to discuss the same with the maker of the report.
2. a. A member will have the right, upon written request, to review the contents of his/her personnel file and to have a representative of the Association accompany him/her,
- b. No material originating after original hiring which is derogatory to a member's conduct, service, character or personality will be placed in his/her personnel file unless the member has had an opportunity to review such material by affixing his/her signature to the copy to be filed with the express understanding that such signature in no way indicates agreement with the contents thereof. The member will also have the right to submit a written answer to such material and his/her answer shall be reviewed by the Superintendent and attached to the file copy.
- c. (i) File drawers containing personnel files shall be locked at all times, except during business hours of the personnel office.
- (ii) No persons, other than the member's current principal, the member, members of the Committee, the Assistant Superintendent in charge of instructional personnel, the Superintendent or his clerical designee, the Assistant Superintendent of

Curriculum or his clerical designee, or the members of the Association's personnel screening committee, shall have access to a member's personnel file.

3. Any serious complaints regarding a member made to any member of the Committee, by, or coming to the Superintendent or the member's building principal from any parent, student or other person will be promptly called to the attention of the member.
4. No complaint or request, concerning a professional staff member, in the form of a petition or otherwise shall be made a part of the business of a School Committee meeting unless notification to attend such a meeting has been given to the staff member involved.
5. The Association recognizes the authority and responsibility of the Superintendent and/or principal to discipline or reprimand a member for delinquency in professional performance. If a member is to be disciplined or reprimanded by a member of the administration above the level of the principal, however, he/she will be entitled to have a representative of the Association present. No member will be disciplined or reprimanded or deprived of any professional advantage without good and sufficient reason.
6. It is understood that ROTC Instructors are evaluated regularly by the Air Force. In addition, the building principal may evaluate ROTC Instructors using the Teacher Evaluation Procedure.
7. In such instances where a member who is subject to Chapter 71, Sections 42, 42A, or 42D is suspended for more than seven (7) days or is dismissed, such member shall have the rights enumerated under the above Sections without recourse to and in lieu of grievance and arbitration procedures set out under ARTICLE IV.

ARTICLE XXIII SALARY SCHEDULES AND STIPENDS

- A. The Basic Salary Schedule and the Schedule of Stipends to take effect with the school year commencing in September, 2015 are attached hereto and made part hereof as Exhibits B and D.
- B. Members who are paid differentials or stipends in which the activity is concluded prior to the close of school in June shall be paid said differential or stipend at the close of the semester subsequent to the conclusion of the activity.
- C. Each school nurse shall receive a uniform allowance of one hundred (\$100.) dollars each year which may be used for either white uniform or white lab coats.

ARTICLE XXIV ADMINISTRATION OF SALARY SCHEDULES

1. The Basic Salary Schedule is designed for regular classroom teachers.
2. Annual increments on the Basic Salary Schedule are based on an index ratio.

3. The levels of preparation have been established in terms of academic degrees and semester hour credits beyond those degrees. No member will be placed on the six-year (6) level without a Master's Degree.
4. In the initial employment of a member under the Basic Salary Schedule, credit may be allowed for teaching experience up to and not exceeding eight (8) years. One-half, or greater fraction, of a year of teaching is counted as one (1) year. If a half or greater fraction of a year of teaching should be presented in addition to the first such fraction, the two shall be combined, with the fraction of a year beyond the full number of years having to be one-half or more to be counted. This will apply to teaching experience outside of Quincy and to permanent substitute teaching in Quincy. However, the Committee, on the recommendation of the Superintendent shall be free in the placement of new teachers upon the schedule.
5. Member preparation credentials will be evaluated and final approval of evaluation will be made by the Committee. The Accreditation Board will make recommendations on the credits of professional staff members.
6. A member whose qualifications have been determined to qualify him/her for moving from one level of preparation to the next higher shall be placed at a salary step in the attained preparation scale higher than his/her former salary by an amount equal to the differential between the two classifications. Such transfers shall be made not more often than twice a year (September 1 and February 1). Evidence of courses taken by members must be submitted to the Superintendent not later than November 1 for a September change, and not later than April 1 for a February change.
7. An adjustment in salary to the amount of one-half (1/2) the differential will be made when a member has completed fifteen (15) semester hours of credit beyond the four (4) year level or the five (5) year level, and a second adjustment of one-half (1/2) the differential shall be granted when the next fifteen (15) semester hours of credit are accumulated.
8. Adjustments under Paragraph Seven of this Article apply to members at all step levels including those at salary maximums excepting those on the six (6) year level. Members receiving the maximum salary at the four (4) year or five (5) year level cannot receive more than half the regular differential beyond the regular maximums for their respective level until they have obtained fifteen (15) additional semester hours of credit and meet with the requirements for the next level. That is, no individual can move to the six (6) year level until he/she has a Master's Degree and sixty (60) semester hours credit beyond the Bachelor's Degree, thirty (30) of which may have been earned in obtaining the Master's Degree. Effective August 31, 2015, an individual may move to the 6 1/2 year level after he/she has a Master's Degree plus 45 Semester Hours.

Members of shop and related work in the Quincy Vocational-Technical School or hired under Vocational-Technical Certificate may move to the five (5) year level on the completion of thirty (30) semester hours above the requirements for the four (4) year

level for Quincy Vocational-Technical School members on the salary schedule and may move from the five (5) year level to the six (6) year level, with thirty (30) additional semester credits.

9. It is required that courses which are to be submitted for credit receive approval from the office of the Superintendent before being undertaken.
10. Members may not apply credits toward professional improvement for more than eight (8) semester hours in one (1) college semester during the school year while in service in Quincy. (Not to exceed two (2) courses.)

11. TRAVEL CREDITS

- a. In general, travel for credit must be summer travel, usually under the direction of a qualified agency, such as the National Education Association Travel Service or similar agency of high quality. The Accreditation Board may recommend exceptions to the Committee.
- b. Travel must be continuous. For example, a member cannot receive credit for two (2) weeks of travel, one (1) of which was spent traveling out to California or Colorado, etc., for summer study and the other on the return journey after summer study.
- c. A maximum of six (6) semester hours may be granted for travel in raising the level of preparation to the next higher level. To obtain credit for travel a preliminary travel form must be submitted to the Superintendent and approved before the member begins the trip. Normally, credit will not be granted to a member for a trip to the same or similar part of the country for which credit has been previously granted.
- d. In general, credit will be given on the following basis:
 - (1) two credits - minimum of four weeks of travel plus outline.
 - (2) a maximum of four credits - minimum of four weeks travel plus report.
 - (3) a maximum of six credits - a minimum of four weeks travel, report, plus teaching materials.
- e. An outline of the travel experience referred to in d(1) will be a day-by-day itinerary of the actual trip.

A report of the travel experience referred to in d(2) will be in the form of a paper (not a scrapbook) including a detailed description of the trip, and an explanation of how the travel experience can be related to the member's classroom work. It is recognized, however, that a reasonable amount of travel should have cultural value for all members and should broaden their points of view.

Teaching materials referred to in d(3) would include materials such as:

- (1) A slide or film lecture adapted to the member's grade or subject area;
 - (2) A well-organized exhibit of materials - illustrative of the region visited and adapted to grade or subject area;
 - (3) Tapes or records which the member has adapted to classroom use.
- f. In evaluating the trip the Accreditation Board will consider the length and the nature of the trip, its relationship to the member's work, and the value of the teaching materials provided. It is essential that if Quincy is to grant credit for travel and continue such credits, members should show later in their teaching that travel has helped them to be better teachers.
- g. An outline or report of the trip must be sent to the Superintendent's office on or before the following October 15.
12. In addition to this "preparation attainment increment", the regular increment shall be given as of September 1.
13. No member, except as noted under Paragraph 14 of this article shall receive more than five (5) annual increments in salary unless he/she presents evidence of approved professional study equal to six (6) college credits earned during the five (5) year period. School Nurses shall be allowed to utilize Continuing Education Units (C.E.U.'s) to advance in annual step increments, provided that such C.E.U.'s are equivalent to six (6) college credits within each five (5) year period.
14. Members completing thirty years of service in the Quincy Public Schools may advance by normal increments to the maximum of their respective preparation level without regard to the six (6) semester hour requirement.
15. Members not on maximum salaries for their particular salary levels, with the exception noted above in Paragraph 13, will automatically receive the annual increment unless the Committee, upon recommendation of the Superintendent, considers it necessary to withhold an increment from a particular member. It is expected that such procedure will rarely be necessary for members whose qualifications have been judged satisfactory for regular appointment in the schools of Quincy. No one shall attain the maximum who has not presented evidence of approved professional study equal to six (6) college credits earned within the five (5) years immediately preceding. Evidence of the necessary six (6) college credits to obtain maximum in September must be filed in the office of the Superintendent not later than November 1, and not later than April 1, for a February change.

16. The salary paid under the Basic Salary Schedule shall be deemed to have been earned proportionately during the school year and shall be paid in twenty-one (21) equal payments during the school year; or if a member so elects, in twenty-six (26) equal payments on a twelve (12) month installment basis (no lump sum payments). The twenty-one (21) payment plan will be available to members in the employ of the School System as of June 1 of each year. The election made in June is irrevocable for the next school year. In the event that the service of a member shall be discontinued during a school year for any reason other than dismissal for cause, or resignation, except resignation because of pregnancy, any amount of salary earned but unpaid to the date of the termination shall be paid to the member or his legal representative, as the case may be.
17. In lieu of the paychecks described in Section 16 (above), members may elect to have their total net pay deposited directly into their bank accounts.

**ARTICLE XXV
LUNCH PERIOD: EXTRA CURRICULAR ACTIVITIES**

1. No member shall be assigned to a schedule of duties pursuant to ARTICLE XIX which does not provide a duty-free lunch period each school day. Members (except school nurses) will be allowed to leave the school building during their lunch period so long as they inform their immediate superior on form provided. School nurses may not leave the school building during their lunch periods. School nurses may leave the school building during their lunch period, but may not leave the school grounds.
2. The Committee and the Association recognize that while participation by members in extracurricular activities sponsored by the Quincy Public Schools and attendance by members at evening meetings related to school matters are desirable as general propositions, participation by a particular member at a particular meeting is not to be required as a condition of employment but is to be decided by such member in the exercise of his/her professional judgment.

**ARTICLE XXV A
NON-PROFESSIONAL DUTIES**

The School Committee and the Association acknowledge that a member's primary responsibility is to teach and that his/her energies should to the extent practical be used to this end.

No elementary member is presently being required, and no elementary member shall be required, except in emergencies, to supervise any aspect of the Elementary Lunch Program.

At the Senior High and Middle School level, lunch duty shall be assigned by the principal or his/her designee on a fair and equitable basis consistent with the operational needs of the building.

**ARTICLE XXVI
OBSERVANCE OF DUTIES**

This Association agrees that it will not take or encourage the taking of any action contrary to the laws of Massachusetts pertaining to strikes or withholding of services of public employees.

**ARTICLE XXVII
PROTECTION**

- A. Members will immediately report all cases of abusive conduct and/or torts suffered by them in connection with their employment to the Superintendent in writing.
- B. The Superintendent will comply with any reasonable request from the member for information in his/her possession relating to the incident or the persons involved, and will act in appropriate ways as liaison between the member, the police and the courts. In addition any student involved in such an assault will be promptly and properly disciplined after the responsibility has been established.
- C. The Committee will provide the indemnification for members provided by Section 9 of Chapter 258 of the General Laws of Massachusetts under the conditions set forth in that Section and will include in its budget an appropriation request necessary to provide such indemnification. A copy of said Section 9 is attached hereto as Exhibit C.

**ARTICLE XXVIII

Subject to the provisions of this Agreement, the Committee retains the right to determine the number of teaching positions and other professional positions which are needed in the school system and also retains the right to determine employees to be laid off.

- 1. A teacher having Professional Teacher Status shall not be laid off if there is a teacher not having Professional Teacher Status whose position the teacher having Professional Teacher Status is qualified to fill.
- 2. Upon determination by the School Committee and/or Superintendent that there shall be lay-offs in any discipline, as set forth below, the following procedures shall apply to teachers having Professional Teacher Status only.

Effective September 1, 2016, in order to comply with all the requirements in the seventh paragraph of G.L. c.71, §42 (as amended by section 3 of Chapter 131 of the Acts of 2012), a teacher in a discipline category who has professional teacher status, and who since September, 2013, or within five (5) years of teaching in Quincy, has always attained either "exemplary" or a "proficient" rating on his or her Summative rating that is given at the conclusion of an

evaluation cycle, will not be laid off if there is a more senior teacher in that discipline category who has professional teacher status but who has been rated as something less than "proficient" on his or her Summative rating given at the conclusion of any two (2) of the past four (4) evaluation cycles for that teacher. 3. Seniority is defined as the length of continuous service from date of initial contract in the Quincy Public Schools. Authorized leaves of absence up to eight (8) weeks, or sabbatical leaves shall be considered time worked for purposes of seniority and lay-off. Authorized leaves of absence without pay shall be considered as continuous service, but will not be considered as time worked for seniority and lay-off.

In cases involving members who have identical seniority, preference for retention or recall shall be given to the member who has achieved the highest level of training, including degrees, courses (in-service and others) and for Vocational-Technical teachers previous related work experience.

4. Members who are to be affected by a reduction in staff shall be notified in writing no later than May 30th of the school year in which the reduction will take effect.
5. The following sections a, b and c shall apply to teachers who have dual certification and bumping rights as set out below, subject to the provisions of Section 2 of this Article.
 - a. In the event that a member, holds dual licensure (one or more DESE licenses), does not maintain his or her licensure in the area in which he or she is currently teaching, that member shall not be permitted to maintain his or her employment with the district regardless of seniority or whether another member has gained Professional Teacher Status or not. This provision shall apply to members in reduction in force situations and for general employment and certification purposes. This provision does not apply in situations where a member has maintained their licensure and their position was eliminated due to a reduction in force. In this situation, the reduction in force language remains unchanged and in the event a member has a certification in another discipline and has taught in the other discipline or certified area for one (1) year or more in Quincy in the past five (5) years,

the laid-off teacher shall have the option of bumping the junior teacher in that discipline.

- b. The dual certified teacher may also prove competence by passing the Graduate Record Examination within five (5) years in the discipline in which he/she has certification but lacks one (1) year of experience in the last five (5) years of teaching.
 - c. If there is no Graduate Record Examination in that discipline, the teacher may prove competence by passing a graduate level examination developed and administered by a graduate level board of three (3) college professors (one (1) chosen by the teacher involved, one (1) by administration, one (1) mutually agreed upon); or a teacher may prove competence by successful completion within the previous five (5) years or a minimum of two (2) graduate courses in the area of specialization. Courses must be completed with a grade of "B" or better. These options, a, b and c must be successfully completed prior to the May 30th notification deadline in order to be valid for the next school year.
6. Laid-off members may continue group Health and Life Insurance coverage during the recall period of eighteen (18) months as provided by the Committee to members of the bargaining unit by reimbursing the Committee for full premium cost. Failure to forward premium payments to the Committee or refusal to return to employment upon recall will terminate this option.
7. Teachers who are on lay-off because of reduction in force shall be on a recall list for the first eighteen (18) months of lay-off and shall have preference over new applicants for any new position or full-time vacancy that the Superintendent and/or principal is going to fill. The failure of a teacher to accept the assignment within fifteen (15) school days of notification thereof shall automatically remove that teacher from the recall list.

 - c. Laid-off members of Unit C at the elementary level may replace a junior teaching or non-teaching assistant principal at the elementary level. An

assistant principal who is bumped has the right to bump the most junior assistant principal. A junior assistant principal who is bumped shall have the right to move to a position similar to the one(s) he/she held prior to having been appointed to the administrative post.

- d. Seniority after the change in status for said administrator(s) shall include the total number of years of continuous service in the Quincy Public Schools, regardless of position.
9. If a principal/assistant principal moves to a classroom position where there are no administrative duties, it is understood that his/her salary will be at the classroom teacher's schedule at whatever years of experience he/she may have.
10. For purposes of lay-off, deans, department heads and department team leaders are considered as classroom teachers. Within their specific areas, lay-offs shall be determined by seniority.

Said seniority list shall contain the names of each member, his/her seniority and the disciplines in which he/she is teaching and competent as defined by Section 2 and 5 of this article. A copy of said list shall be placed in each school building of the Quincy Public Schools with three (3) copies sent to the Association.
12.

 - c. School nurses who have provisional status under M.G. L. chapter 31, shall be laid off in inverse order of seniority, based on Quincy Public Schools hiring date, prior to the layoff of any school nurses with permanent status under M.G.L. Chapter 31.

ARTICLE XXIX MIDDLE SCHOOL

Any and all changes in this Agreement which refer to "Middle School" or "Middle School Personnel" are agreed upon by the parties with the understanding that:

1. Such negotiated changes shall not be used as evidence or as a precedent in any court case involving the Middle School/Junior High School issue in the City of Quincy.

2. In the event that a court of competent jurisdiction determines that the Junior High School principals and/or Junior High School assistant principals should be returned to their positions as principals and/or assistant principals in the Quincy Public Schools, any and all items in the Memorandum of Agreement which address such Middle School principals and/or Middle School assistant principals shall become null and void and the applicable language in the Agreement in effect for the school year 1981-82 shall become operative for the term of this Memorandum of Agreement with appropriate salary adjustments.

Payments will continue until the remaining credit is exhausted if an entitled unit member resigns, retires or otherwise severs his/her employment with the Quincy Public Schools.
5. Members shall be allowed to elect and accept Longevity Plan B only once during their employ by the City of Quincy and the Quincy Public Schools. For any active member who dies during his/her employment, the estate of such employee may elect to take Longevity B as long as the member met the eligibility requirements at the time of death, including a member hired on or after July 1, 2013.
6. Participation in Longevity Plan B is irrevocable thirty (30) days after receipt of notification of acceptance into the Plan.
7. Application for Longevity Plan B shall be made on the *Longevity Plan B Application Form* attached hereto as Exhibit G. Applications must be submitted to the Superintendent on or before June 30, 1999 for participation during the 1999-2000 work year and on or before January 30th of the school year prior to the school year in which the payments are to begin for every year thereafter.
8. The number of members accepted into Longevity Plan B shall be limited as set forth in §B.9 below. The School Committee may unilaterally extend the number of participants at its discretion. In the event the number of applicants exceeds any limitations, participants with the greatest number of years of service to the Quincy Public Schools shall be selected. In case of a tie(s), applicant(s) with the earliest date of hire shall be selected. Further tie(s) shall be determined by lot.
9. The Committee shall provide Longevity Plan B for up to fifty (50) new (first year) participants each year.
10. The Committee and the Association agree to create a Catastrophic Sick Leave Program. (“Program”) The purpose of the Program is to provide additional sick leave for members who are applicants for longevity Plan B and have exhausted their own accumulated sick leave as the result of a life threatening and/or extremely serious illness or accident. The Program shall be subject to the following conditions:
 - A. Members shall apply for up to thirty (30) sick leave days from the Program in writing to the Superintendent.
 - B. Approval of days from the Program shall be made by the Catastrophic Sick Leave Program Committee (“Program Committee”) which shall be composed of the Superintendent and the Association President. Approval of the Program Committee shall require consent of both members.
 - C. Upon approval of the Program Committee, a joint request shall be made to all

members of the bargaining unit for voluntary donations of one or more unused and accumulated sick leave days. Said request shall not contain the identity of the applicant nor shall it identify the nature of the illness or disability. In the event greater than thirty (30) sick leave days are donated, the Program Committee shall determine which donation will be accepted and the remainder shall be returned to the donors.

- D. The Program Committee may request medical documentation.
- E. It is understood that the Program is not to be used for routine illness and accidents.
- F. Decisions of the Program Committee are final.

ARTICLE XXXI EDUCATION REFORM

- A. The Quincy Public Schools has a long tradition of committing itself to serious study, inquiry and research into all of the components and outcomes which may transpire when a school system undertakes the task of simultaneously trying to understand itself as an organization and, as the new understanding grows, changing its own organizational nature according to the ever-changing demands of the times.

With the goals of improving education for the students of Quincy and fostering participative decision making among the members of the staff, all the while maintaining the integrity of the collective bargaining process and Agreement, the Committee and the Association agree to create the Task Force on Education Reform (Task Force) as follows:

1. The Task Force shall consist of ten (10) members, five (5) to be appointed by the committee and five (5) to be appointed by the Association. The Task Force shall determine its own schedule of meetings and organization.
2. The Task Force is empowered to act as the clearinghouse, monitor and/or originator of issues, ideas, and proposals on education reform. Any and all such issues, ideas, and proposals must be presented to the Task Force, in writing, prior to implementation. It is understood that same may originate from the Task Force itself, the Committee, the Association, a school council, a member of the central or building administration or an individual or group of bargaining unit member(s).
3. The Task Force may provide criticism, endorsement and/or suggestions for change regarding any matter presented to it at its discretion. It is understood, however, that no action shall be taken on any issue, idea, or proposal which could potentially infringe upon any of the contractual rights of member(s) without written agreement between the duly authorized representatives of the Association and the Committee.
4. It is agreed that the Task Force and this Article shall expire on August 31, 2002, and that it shall continue only by mutual agreement of the parties.

B. The Committee and the Association agree that a rich educational program for the students of Quincy should include programs and activities which are not limited to the regular school day. While the parties recognize that Exhibit D of this Agreement demonstrates an effort by all to provide such a diverse program, it is understood that many ideas are never implemented and others are provided for no compensation due to the lack of funding. In recognition of this need, the Association and the Committee agree as follows:

1. An Activity and Stipend Account (ASA) in the amount of seventy-four thousand, twenty-two (\$74,022.) dollars shall be established on September 1 of each school year by the Committee for the purpose of funding the salaries of members who have been approved for and have provided services in activities covered by this provision
2. For purposes of this provision, eligible activities shall include the following:
 - a. before or after school enrichment programs;
 - b. summer enrichment programs;
 - c. school vacation (December, February, April) enrichment programs; and
 - d. any programs approved by the Task Force on Education Reform described in Section A (above) which provides services outside of the regular school day and/or year.

Activities for which compensation is provided in Exhibits B or D of this Agreement are not eligible for compensation from the ASA. GENERAL LAWS CHAPTER 71
SECTIONS 41, 41A, 42, 42D, 43

Section 41. Professional Teacher Status

For the purposes of this section, a teacher, school librarian, school adjustment counselor, school nurse, school social worker or school psychologist who has served in the public schools of a school district for the three previous consecutive school years shall be considered a teacher, and shall be entitled to professional teacher status as provided in section forty-two. The superintendent of said district, upon the recommendation of the principal, may award such status to any teacher who has served in the principal's school for not less than one year or to a teacher who has obtained such status in any other public school district in the commonwealth. A teacher without professional teacher status shall be notified in writing on or before June fifteenth whenever such person is not to be employed for the following school year. Unless such notice is given as herein provided, a teacher without such status shall be deemed to be appointed for the following school year.

School principals, by whatever title their position may be known, shall not be represented in collective bargaining, but each principal, upon the written request of the principal, shall meet and discuss the terms and conditions of the principal's employment in the principal's school district with the district's superintendent or the superintendent's designee, at a time to be determined by the superintendent and may be represented by an attorney or other representative. School principals shall enter into individual employment contracts with their employing districts concerning the terms and conditions of employment. The initial contract with each individual school district shall be for not less than 1 year nor more than 3 years. The second and subsequent contracts shall be for not less than 3 nor more than 5 years unless: (i) said contract is a 1 year contract based on the failure of the superintendent to notify the principal of the proposed nonrenewal of his contract pursuant to this section; or (ii) both parties agree to a shorter term of employment. Notwithstanding the past employment conditions of a school principal, the conditions established by this paragraph shall apply to the initial contract of each school principal. Failure of the superintendent to notify a principal of the proposed nonrenewal of his contract at least sixty days prior to the expiration date of such contract shall automatically renew the contract for an additional one year period.

Except as provided herein, section forty-two shall not apply to school principals, assistant principals or department heads, although nothing in this section shall deny to any principal, assistant principal or department head any professional teacher status to which he shall otherwise be entitled. A principal, assistant principal, department head or other supervisor who has served in that position in the public schools of the district for three consecutive years shall not be dismissed or demoted except for good cause. Only a superintendent may dismiss a principal. A principal, assistant principal, department head or other supervisor shall not be dismissed unless he has been furnished with a written notice of intent to dismiss with an explanation of the grounds for the dismissal, and, if he so requests, has been given a reasonable opportunity within fifteen days after receiving such notice to review the decision with the superintendent at which meeting such employee may be represented by an attorney or other representative to present

information pertaining to the bases for the decision and to such employee's status. A principal, assistant principal, department head or other supervisor may seek review of a dismissal or demotion decision by filing a petition with the commissioner for arbitration. Except as provided herein, the procedures for arbitration, and the time allowed for the arbitrator to issue a decision, shall be the same as that in section forty-two. The commissioner shall provide the parties with the names of three arbitrators who are members of the American Arbitration Association. The arbitrators shall be different from those developed pursuant to section forty-two. The parties each shall have the right to strike one of the three arbitrator's names if they are unable to agree upon a single arbitrator from amongst the three.

A school committee may award a contract to a superintendent of schools or a school business administrator for periods not exceeding six years which may provide for the salary, fringe benefits, and other conditions of employment, including but not limited to, severance pay, relocation expenses, reimbursement for expenses incurred in the performance of duties or office, liability insurance, and leave for said superintendent or school business administrator. Nothing in this section shall be construed to prevent a school committee from voting to employ a superintendent of schools who has completed three or more years' service to serve at its discretion.

Section 41A: Leaves of Absence of Professional Staff

A school committee may grant a leave of absence for study or research to any teacher, registered nurse, principal, supervisor, director, school librarian, school business administrator, superintendent or assistant superintendent, serving at discretion which would increase his professional ability, such leave to be for a period not exceeding one (1) year at full or partial pay; provided, however, that prior to the granting of such leave he/she shall enter into a written agreement with the school committee that upon termination of such leave he/she will return to service in the public schools of such city or town for a period equal to twice the length of such leave and that, in default of completing such service, he/she will refund to the city or town an amount equal to such proportion of salary received by him/her while on leave as the amount of service not actually rendered as agreed bears to the whole amount of service agreed to be rendered. A school committee may also grant a leave of absence to any teacher, registered nurse, principal, supervisor, school business administrator, or superintendent serving at discretion, for service to a statewide professional organization of which such teacher, registered nurse, principal, supervisor, school business administrator, or superintendent is a member and has been elected to hold the office of president therein, such leave to be for a period not exceeding four (4) full years at full or partial pay; provided, that such professional educational organization shall reimburse the school committee for any salary paid to said teacher, registered nurse, principal, supervisor, school business administrator, or superintendent during such period. A school committee may pay compensation to any employee granted a leave of absence under this section from any grants or gifts received for the purpose of this section pursuant to section thirty-seven A (37A), as well as from funds appropriated therefor.

Any teacher, registered nurse, principal, supervisor, director, school librarian, school business administrator, superintendent or assistant superintendent, who is elected to a state office, or elected by the people to the office of mayor shall, upon his written request made to the school committee, be granted a leave of absence without pay from his position for all or such portion of the term for which he was elected as he may from time to time designate, and shall not as a result of such election, be suspended or discharged or suffer any loss of rights.

Section 42: Dismissal of Teachers

A principal may dismiss or demote any teacher or other person assigned full-time to the school, subject to the review and approval of the superintendent; and subject to the provisions of this section, the superintendent may dismiss any employee of the school district. In the case of an employee whose duties require him to be assigned to more than one (1) school, and in the case of teachers who teach in more than one (1) school, those persons shall be considered to be under the supervision of the superintendent for all decisions relating to dismissal or demotion for cause.

A teacher who has been teaching in a school system for at least ninety (90) calendar days shall not be dismissed unless he/she has been furnished with written notice of intent to dismiss and with an explanation of the grounds for the dismissal in sufficient detail to permit the teacher to respond and documents relating to the grounds for dismissal, and, if he/she so requests, has been given a reasonable opportunity within ten (10) school days after receiving such written notice to review the decision with the principal or superintendent, as the case may be, and to present information pertaining to the basis for the decision and to the teacher's status. The teacher receiving such notice may be represented by an attorney or other representative at such a meeting with the principal or superintendent. Teachers without professional teacher status shall otherwise be deemed employees at will.

A teacher with professional teacher status, pursuant to section forty-one (41), shall not be dismissed except for inefficiency, incompetency, incapacity, conduct unbecoming a teacher, insubordination, or failure on the part of the teacher to satisfy teacher performance standards developed pursuant to section thirty-eight (38) of this chapter, or other just cause.

A teacher with professional teacher status may seek review of a dismissal decision within thirty (30) days after receiving notice of his/her dismissal by filing a petition for arbitration with the commissioner. The commissioner shall forward to the parties a list of three (3) arbitrators provided by the American Arbitration Association. Each person on the list shall be accredited by the National Academy of Arbitrators. The parties each shall have the right to strike one (1) of the three (3) arbitrators' names if they are unable to agree upon a single arbitrator from among the three. The arbitration shall be conducted in accordance with the rules of the American Arbitration Association to be consistent with the provisions of this section. The parties each shall have the right to strike one (1) of the three (3) arbitrators' names if they are unable to agree upon a single arbitrator from among the three. The board of education shall determine the process for selecting arbitrators for the pool. The fee for the arbitration shall be split equally between the two parties involved in the arbitration.

At the arbitral hearing, the teacher and the school district may be represented by an attorney or other representative, present evidence, and call witnesses and the school district shall have the burden of proof. In determining whether the district has proven grounds for dismissal consistent with this section, the arbitrator shall consider the best interests of the pupils in the district and the need for elevation of performance standards.

The arbitrator's decision shall be issued within one (1) month from the completion of the arbitral hearing, unless all parties involved agree otherwise, and shall contain a detailed statement of the reasons for the decision. Upon a finding that the dismissal was improper under the standards set forth in this section, the arbitrator may award back pay benefits, reinstatement, and any other

appropriate non-financial relief or any combination thereof. Under no circumstances shall the arbitrator award punitive, consequential, or nominal damages, or compensatory damages other than back pay, benefits, or reinstatement. In the event the teacher is reinstated, the period between the dismissal and reinstatement shall be considered to be time served for purposes of employment. The arbitral decision shall be subject to judicial review as provided in chapter one hundred and fifty C (150C). With the exception of other remedies provided by statute, the remedies provided hereunder shall be the exclusive remedies available to teachers for wrongful termination. The rules governing this arbitration procedure shall be the rules of the American Arbitration Association as pertains to arbitration.

Neither this section nor section forty-one (41) shall affect the right of a superintendent to lay off teachers pursuant to reductions in force or reorganization resulting from declining enrollment or other budgetary reasons. No teacher with professional teacher status shall be laid off pursuant to a reduction in force or reorganization if there is a teacher without such status for whose position the covered employee is currently certified. No teacher with such status shall be displaced by a more senior teacher with such status in accordance with the terms of a collective bargaining agreement or otherwise unless the more senior teacher is currently qualified pursuant to section thirty-eight G (38G) for the junior teacher's position,

Section 42D: Suspension of Teachers

The superintendent may suspend any employee of the school district subject to the provisions of this section. The principal of a school may suspend any teacher or other employee assigned to the school subject to the provisions of this section. Any employee shall have seven (7) days written notice of the intent to suspend and the grounds upon which the suspension is to be imposed; provided, however, that the superintendent may, for good cause, require the immediate suspension of any employee, in which case the employee shall receive written notice of the immediate suspension and the cause therefor at the time the suspension is imposed. The employee shall be entitled (I) to review the decision to suspend with the superintendent or principal if said decision to suspend was made by the principal; (II) to be represented by counsel in such meetings; (III) to provide information pertinent to the decision and to the employee's status.

No teacher or other employee shall be suspended for a period exceeding one (1) month, except with the consent of the teacher or other employee, and no teacher or other employee shall receive compensation for any period of lawful suspension.

No teacher shall be interrogated prior to any notice given to him relative to the suspension unless the teacher or other employee is notified of his right to be represented by counsel during any such investigation. A suspended teacher or other employee may seek review of the suspension by following the arbitration procedures set forth in section forty-two (42). Nothing in this section shall be construed as limiting any provision of a collective bargaining agreement with respect to suspension of teachers or other employees.

Section 43 Reduction of Salaries; Conditions

The salary of no teacher employed with professional teacher status in any city or town except Boston shall be reduced without his consent except by a general salary revision affecting equally all teachers of the same salary grade in the town or except in connection with a reduction in

status from full-time to part-time pursuant to a reduction in force resulting from declining enrollments or other budgetary reasons or pursuant to reorganizations for academic or budgetary reasons. Nothing in this section or in any other section of this chapter shall be construed to prevent a school district from entering into an individual annuity contract for such employee or from reducing the salary or compensation of such employee pursuant to such agreement for the purpose of such purchase as authorized by section thirty-seven B (37B).
