Selecting your courses

This booklet includes the typical course pathways available to students entering Quincy High School. When selecting courses students should take into account the graduation requirements and the academic requirements necessary for their anticipated career path. Also included are the Quincy High School graduation requirements, promotion requirements and minimum four-year college admission requirements.

Questions regarding course selection should be directed to the student's current school counselor or the specific academic department chair listed on the previous page. It is recommended that students and parents review, modify and accept the recommendations of their classroom teachers and/or school counselors by the assigned deadline on the front cover.

Begin by reviewing the courses in this booklet. Course descriptions and additional information is available in the Program of Studies which is available on our website.

Finding Program of Studies on our website:

1. Log on to the Quincy Public Schools website at www.quincypublicschools.com
2. Go to **Our District** → **Our Schools** → **High Schools** → select **Quincy High School**
3. Then go to **Our School** → choose **Guidance** → choose **Course Selection 2020-2021**

Instructions for choosing Course Requests Online

1. After logging into the Student Portal choose **My Info** top tab → **Requests** side tab
2. At the top of the **Requests** page, please read and follow the instructions in the **Instructions box** for entering your 'requests'.
Note: If any of your **courses** are **recommended** by your teachers, they **will automatically appear as requests** when you first view the Requests page.
3. In the **Primary requests** box, click **Select** in the different subject areas to view or choose your courses. For example, to view what is offered for Social Studies courses, click **Select** to the left of Social Studies. A new window will open **and all the courses that are available will be listed**. The course recommended by your teacher will be checked and the Status will be Recommended. If the is gray, student cannot change the teacher recommendation. If you wish to choose another course that is listed, make a note in the **Notes for counselor** box on the **Requests** page.
Your requests are automatically saved after you enter them on the Requests page. Your counselor can view them anytime.
4. Students **must select exactly 36 credits** worth of courses
5. After you complete entering your requests, click **Post** at the bottom of the page. This lets your counselor know that you are finished entering requests. If you have not selected enough courses to satisfy requirements for your academic track, the system lets you know which area you need to make more requests in. Please verify that you have 36 credits

Graduation Requirements

1. All students must pass the English, Mathematics, and Science Massachusetts Comprehensive Assessment System (MCAS).
2. Each student must acquire a minimum in the subjects listed below. Additional courses in each sequence will be required to meet the 120 credits minimum graduation requirement at Quincy High School. To be eligible for graduation, students must take sequences in at least 4 major subject areas, or equivalent Technical majors. Sequences are to be selected from Business Technology, English, Foreign Languages, Mathematics, Science, Social Studies, or Technical Programs.

<u>SUBJECT</u>	<u>MUST TAKE</u>	<u>MUST ACQUIRE CREDITS</u>
ENGLISH	4 YEARS	20
FOREIGN LANGUAGE	2 YEARS	10
** MATHEMATICS	3 YEARS	15
SCIENCE	3 YEARS	15
SOCIAL STUDIES	4 YEARS	20
PHYSICAL EDUCATION	4 YEARS	4

Plus 30 hours of Community Service

** Mathematics-Fifteen (15) credits required in mathematics. Ten (10) of the fifteen (15) credits in mathematics are to come from the Mathematics Program of Studies. The additional five (5) credits should come from mathematics or business.

Students enrolled in Career Major programs must meet the requirements for English, mathematics, science, social studies, and must pass their three (3) year occupational sequence. The proper sequence in terms of years and accumulated credits must be taken.

3. All students are required to take and pass 2 years of foreign language during their freshman and sophomore years.

Promotion Requirements

1. Most high school subjects are worth five (5) credits each for a full year.
2. A student must pass at least five subjects, for a minimum of 25 credits, to achieve grade 10 status.
3. A student must accumulate 50 credits to arrive at grade 11 status.
4. A student must accumulate 85 credits to arrive at grade 12 status.
5. A minimum of 120 credits is required for graduation.
6. There are certain subjects students must take in order to achieve the above-mentioned credits and be eligible for graduation.

Information for Parents of College Bound Students

In general, colleges require 16 high school units to be taken in grades 9, 10, 11, and 12. A unit is the equivalent of taking a subject for a full school year, one class period per cycle. Electives should be selected to meet specific college requirements. This Program of Studies contains the courses usually required for admissions to college, but college catalogues should be consulted for possible variations. Five (5) credits are equivalent to one (1) college entrance unit.

It is recommended that students planning to attend a college/university for a baccalaureate degree should enroll in the following subjects: 4 years of English, 3 years of college math, 4 years of laboratory science, 4 years of social studies, and 3 years of foreign language. These subjects should be considered minimum college application requirements.

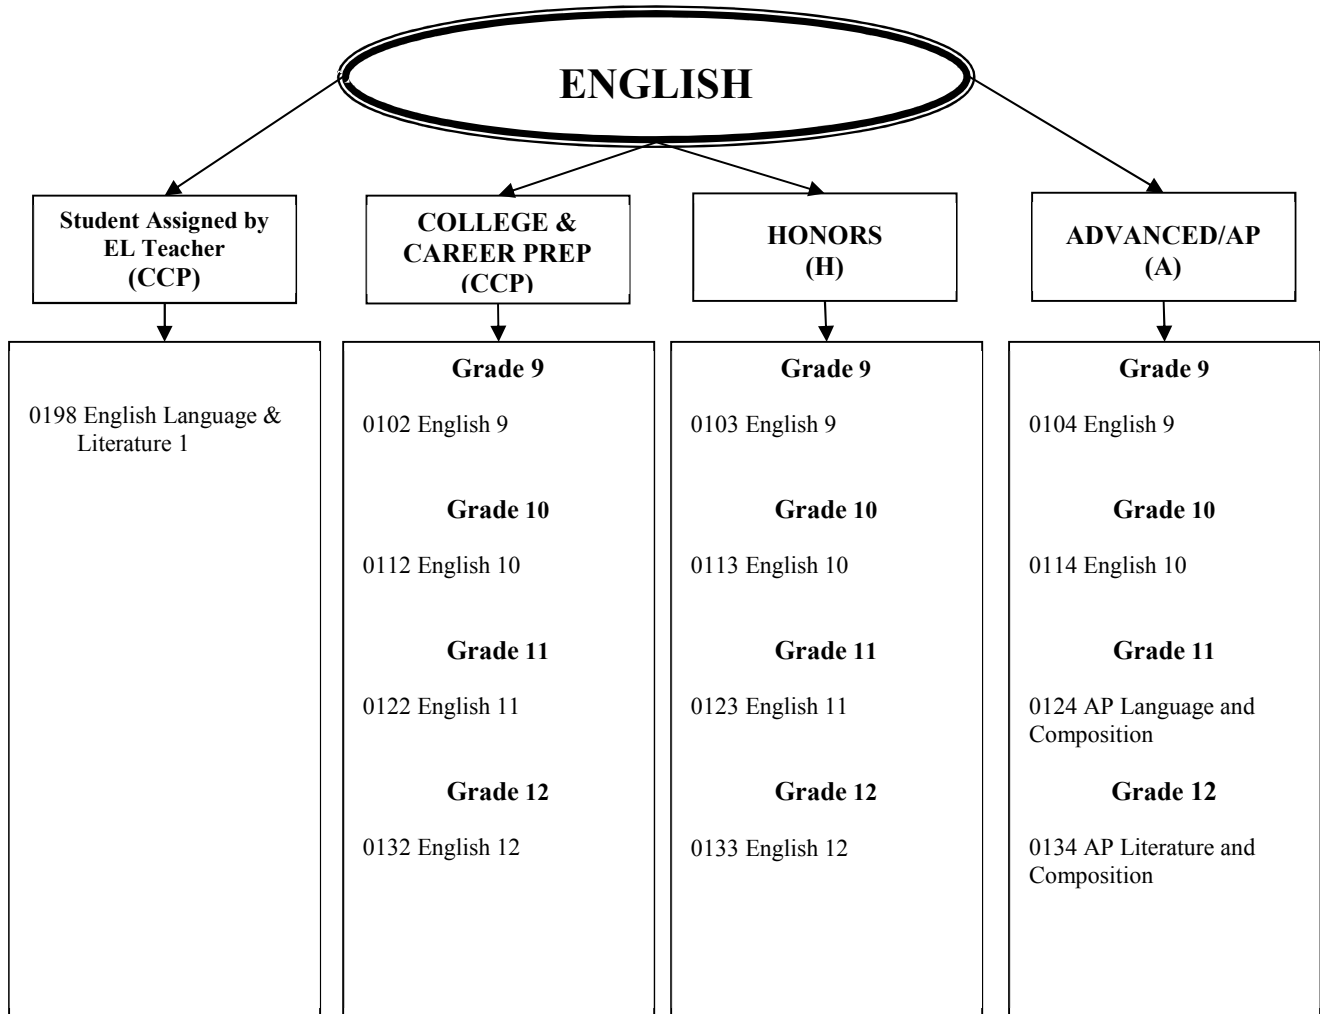

Massachusetts public colleges and universities require that students pass 4 courses (Algebra I & II and Geometry or Trigonometry, or comparable coursework) including mathematics during the final year of high school

Accelerated and/or advanced placement (per College Entrance Examination Board) courses are offered for students who can undertake advanced work in English, mathematics, science, or social studies. It is possible to elect a business technology or a technical sequence and achieve entrance requirements for certain colleges.

Dual Enrollment (indicated by the symbol ♦) allows students to take advantage of the opportunity to obtain college credit directly at Quincy's two high schools. Dual Enrollment offers select Quincy College courses at the high schools that are approved for college credit and must align to the college syllabus for that course. These "for cost" courses are part of the Quincy Public Schools High School Program of Studies and will be added into a student's GPA.

FOREIGN LANGUAGE

QUINCY HIGH SCHOOL

The Course Selection Chart shown below is designed to assist parents and students in selecting one or more courses that align with the English Language Learner interest areas. Please note that it is **not necessary** to take ALL THE COURSES listed under a specific pathway. The chart represents “suggested” courses. *Further information is available in the Program of Studies online at www.quincypublicschools.com under QHS Guidance. See front cover for detailed location instructions*

NOTE: English Learners are tested for proficiency to determine their starting point and course placement. EL students transition from beginner, low intermediate, intermediate, and advanced courses. Once a student has finished this progression they are put into regular course programs. Students may start at any given level as determined by proficiency and department chair.

QUINCY HIGH SCHOOL

Every incoming grade nine student is scheduled into Freshman Seminar**. Each term showcases the technical areas at Quincy High School and challenges students to develop skills necessary to compete in the 21st Century. Information is available in the Program of Studies online at www.quincypublicschools.com under QHS Guidance. See front cover for detailed location instructions.
